Age – +14 years
Belt – minimum blue belt

ITF RADIX

COPENHAGEN DECEMBER 3RD - 4TH

ITF RADIX SEMINAR 2016

Self-defence applications from ITF pattern.

ITF Radix seminars are all about thinking out of the box, and learning new things about subjects you already know. Expand your knowledge about techniques you have trained for years. Since ITF Taekwon-Do is our chosen system of martial art, we want to get the best out of it. We are focusing on a pragmatic and self-defence oriented approach, and explore beyond the block and punch interpretation. We made it our project to share our findings and enthusiasm with the ITF community to keep on developing our wonderful art.

Don't miss this ITF seminar in beautiful Copenhagen

Kind regards, we look forward to see you,

Sabumnim Robert Boer & Sabumnim Roy Rolstad
